

READY TO USE

E-Commerce App

TAKE YOUR BUSINESS ONLINE

Relying on third party e-commerce apps were the story of the past. The pandemic has proved that every business should be online and should create a rapport with their customers. We designed this product keeping this in our mind. Have you ever realized how much you can save in commissions if you had your own e-commerce application. This is your answer.

ONE TIME LICENCSE, NO RENEWAL!

There is no yearly renewal fee or monthly retainer, you just purchase the product for a one time fee. We will deploy it in your server and provide support and maintainance.

SINGLE & MULTISHOP SUPPORT

The app is ideal for both small and large businesses. Whether you are a small shop owner or owns multiple shops, this is an ideal app to serve and deliver your products.

Available in Both iOS & Android

Both iOS & Android versions available with a customizable UI. Show off with your customer colors and logos or even a custom user interface that meets your business theme.

Web Based Admin

A PHP backed web admin with an extensive inventory and order management system.
